After the Procurement Officer selects the qualifying proposals, the Committee will conduct an initial evaluation of the technical merit of each qualifying proposal. This evaluation will be made solely on the basis of the evaluation criteria set forth in 5.05, below, and may include information obtained during oral interviews, if any.

5.04 Pricing Evaluation

Following completion of the initial technical evaluation, the Committee will conduct an initial evaluation of the pricing of each proposal and will establish a financial ranking of all proposals.

5.05 Evaluation Criteria

Only proposals determined to be qualifying proposals pursuant to subsection 5.02 above will be evaluated by the Committee.

For the technical evaluation, the Committee will take into consideration the information related to the questions in Section IV. in order of importance (greatest first):

3. Firm Capabilities
4. Client References
5. Rationale for Appointment

5.06 Responsibility

1. General

- (a) The procurement regulations in COMAR Title 21 define a “responsible” Offeror as one “...who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability that shall assure good faith performance.”
- (b) COMAR, Title 21, also requires that the Procurement Officer determine before awarding a contract to an offeror whether the offeror is responsible. The determination of responsibility is based on the subjective judgment of the Procurement Officer about whether the offeror meets the definition of a “responsible” offeror.
- (c) In addition, the unreasonable failure of an offeror to supply information promptly in connection with the determination of responsibility shall be grounds for a determination that the offeror is not responsible.

2. Discussions

The STO reserves the right to discuss and negotiate with qualified offerors or potentially qualified offerors, (i.e., which are reasonably susceptible of being selected for award). Discussions or negotiations will be conducted with all qualified offerors. The STO, however, is not obligated to conduct any discussions or negotiations. Each offeror should be aware that the STO can select a proposal without first discussing the matter with the selected offeror.

5.07 Best and Final Offer

When deemed in the best interest of the State, the Procurement Officer may permit qualified offerors to revise their initial proposal by submitting a best and final offer. The Procurement Officer shall notify each qualified offeror of the scope of the requested best and final offer, and shall establish a date and time for the submission. The Procurement Officer may require more than one series of best and final offers and discussions, if determined that it is in the State’s best interest to do so. If more than one best and final offer is requested, an offeror’s immediate previous offer shall be construed as its best and final offer unless the offeror submits a timely notice of withdrawal or another best and final offer. The Procurement Officer may consult with and seek the recommendation of the Evaluation Committee during the best and final offer process.

5.08 Final Evaluation and Recommendation for Award

Following oral presentations, and reference checks, if any, the Committee will perform its final evaluations and will make a recommendation to the Procurement Officer for award of the contracts to the responsible offeror or offerors whose proposals are determined to be the most

advantageous to the State based on the results of the final technical and pricing evaluations. Technical merit will be given more weight than price in determining the Committee's final ranking. Contract awards, if any, are subject to the approval of the State Treasurer or the Treasurer's designee upon the recommendation of the Procurement Officer.

5.09 Debriefing of Unsuccessful Offerors

Unsuccessful offerors shall be debriefed upon their written request, provided the request is made within a reasonable period of time after receiving notice of a final determination of award from the Procurement Officer. Request for debriefings shall be honored by the STO at the earliest feasible time after the request has been received. Debriefings shall be held in accordance with COMAR 21.05.03.06.

ARTICLE IV – GENERAL CONDITIONS

1. Changes

The Procurement Officer may make any change in the work within the general scope of the Contract at any time by written order designated to be a change order. If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for the performance of any part of the work under this Contract, an equitable adjustment shall be made and the Contract modified in writing accordingly.

2. Liability

The Contractor agrees to assume full responsibility for any and all damage to the property of the State Treasurer's Office, both real and personal, which results from or arises in connection with, the performance of this Contract.

The Contractor hereby agrees to indemnify and save harmless the State Treasurer's Office against all claims, damages, costs, losses and liabilities whatsoever, for any and all injury to persons and property which may arise out of the performance of this Contract.

The Contractor agrees to maintain adequate insurance coverage in order to fulfill responsibility under this section.

3. Tax Exemption

The State Treasurer's Office is generally exempt from Federal Excise Taxes, Maryland Sales and Use Taxes, District of Columbia Sales Tax and Transportation Taxes. Exemption certificates shall be completed upon request. Where a Contractor is required to furnish and install material in the construction or improvement of real property in the performance of a Contract, the Contractor shall pay the Maryland Sales Tax and the exemption does not apply.

4. Non-Assignment

The Contractor shall not sell, transfer, or otherwise assign its obligations under this Contract or any portion thereof, or its rights, title or interest herein without prior written consent of the State Treasurer's Office.

5. Non-Hiring of Employees

No employee of the State of Maryland or any unit thereof, whose duties as such employee include matters relating to or affecting the subject matter of this Contract, shall, while so employed, become or be an employee of the party or parties hereby contracting with the State of Maryland or any unit thereof.

6. Disputes

This Contract shall be subject to the provisions of Title 15, Subtitle 2 of the State Finance and Procurement Article of the Annotated Code of Maryland (Dispute Resolution), and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision.

7. Maryland Law Prevails

The provisions of this Contract shall be governed by the Laws of Maryland.

8. Amendments

This Contract constitutes the entire agreement between the parties and all other communications prior to its execution, whether written or oral, with reference to the subject matter of this Contract are superseded by this agreement. Any amendment to this Contract must first be approved in writing by the Procurement Officer, subject to any additional approvals required by State law. No amendment to this Contract shall be binding unless so approved and unless it is in writing and signed by the party to be charged.

9. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, ancestry, or physical or mental handicap unrelated in nature and extent so as reasonably to preclude the performance of such employment; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

10. Commercial Nondiscrimination Clause

A. As a condition of entering into this Agreement, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

B. As a condition of entering into this Agreement, upon the Maryland Human Relations Commission's request, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past 4 years on any of its contracts that were undertaken within the state of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any

investigation conducted by the State pursuant to the State's Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that is requested by the State. Contractor understands that violation of this clause is a material breach of this Agreement and may result in contract termination, disqualification by the State from participating in State contracts, and other sanctions.

11. Contingent Fee Prohibition

The contractor, architect, or engineer (as applicable) warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the contractor, architect, or engineer, to solicit or secure this agreement, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or any other consideration contingent on the making of this Contract.

12. Multi-Year Contracts Contingent Upon Appropriations

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be cancelled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

13. Termination for Default

If the Contractor fails to fulfill its obligation under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor's fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

14. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

15. Delays and Extensions of Time

The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a Contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

16. Variations in Estimated Quantities

No equitable adjustment shall be permitted in favor of either the State or the Contractor in the event that the quantity of any pay item in this Contract is an estimated quantity and the actual quantity of such pay item varies from the estimated quantity stated in the Contract.

17. Suspension of Work

The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

18. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR Title 21) in effect on the date of execution of this Contract are applicable to this Contract.

19. Financial Disclosure

20. Political Contribution Disclosure

The statement shall be filed with the State Administrative Board of Election Laws: (1) before a purchase or execution of a lease or contract by the State, a county, an incorporated municipality, or their agencies, and shall cover the preceding two calendar years; and (2) if the contribution is made after the execution of a lease or contract, then twice a year, throughout the Contract term, on: (a) February 5, to cover the 6-month period ending January 31; and (b) August 5, to cover the 6-month period ending July 31.

21. Retention of Records

The Contractor shall retain and maintain all records and documents relating to this Contract for three years after final payment by the State hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or his designee, at all reasonable times.

22. Compliance With Laws

- D. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

23. Liability for Loss of Data

In the event of loss of any data or records necessary for the performance of this Contract where such loss is due to the error or negligence of the Contractor, the Contractor shall be responsible, irrespective of cost to the Contractor, for recreating such lost data or records.

24. Cost and Price Certification

- A. The Contractor by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:
 - (1) A negotiated Contract, if the total contract price is expected to exceed \$100,000, or a smaller amount set by the procurement officer; or
 - (2) A change order or contract modification, expected to exceed \$100,000, or a smaller amount set by the procurement officer.
- B. The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

25. Subcontracting; Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the State, nor may the Contractor assign this Contract, or any of its rights or obligations hereunder, without the prior written approval of the State. Any such subcontract or assignment shall be subject to any terms and conditions that the Office deems necessary to protect the interest of the State. The Office shall not be responsible for the fulfillment of the Contractor's obligations to subcontractors.

26. Ownership of Documents and Materials

The Contractor agrees that all documents and materials including, but not limited to, reports, drawings, studies, specifications, estimates, maps, photographs, designs, graphics, mechanical, artwork, and computations prepared by or for it under the terms of this Contract shall at anytime during the performance of the services be made available to the State upon request by the State and shall become and remain the exclusive property of the State upon termination or completion of the services. The State shall have the right to use same without restriction or limitation and

- B. A waiver of a certified MBE contract goal may be granted only upon a reasonable demonstration by the bidder or offeror that certified MBE subcontract participation was unable to be obtained, or was unable to be obtained at a reasonable price or in the appropriate MBE classifications, and if the agency head or designee determines that the public interest is served by a waiver. In making a determination under this section, the

agency head or designee may consider engineering estimates, catalogue prices, general market availability, and availability of certified MBEs in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and non-MBE cost of participation, and their impact on the overall cost of the contract to the State and any other relevant factor.
