I. SCOPE OF SOLICITATION

The Materials Management Office (MMO) is seeking proposals from qualified offerors, on behalf of the State to acquire broker services for the purchase of Cyber Insurance (also known as Network Risk Insurance, Network Security and Privacy Liability Insurance, Cyberliability Insurance, Data Breach Insurance, Information Theft Insurance, Privacy Liability Insurance, IP Insurance, or other variants). This solicitation seeks broker services for those State Public Procurement Units listed in Appendix B (for clarity, those entities are referred to as “Appendix B Agencies”). It is expected that each Appendix B Agency may have unique requirements for Cyber Insurance and will seek coverage individually. However, agencies with similar structures and needs may approach the markets collectively. Not every Appendix B Agency may require Cyber Coverage. Appendix B Agencies designated with an asterisk (*) have specifically expressed interest in cyber insurance and are expected to utilize the contract resulting from this solicitation to obtain those policies. Some Public Procurement Units currently have Cyber Insurance policies in place. With the prior written consent of the procurement officer, these public procurement units may use this contract to replace those policies at the end of the coverage period.

Specifically, the State seeks a single broker to meet with various using agencies to gather information, to assess and advise the State and various using agencies on its data breach or cyber insurance needs, to provide advice on how to structure a program, to present users of the contract with competitive quotes and recommendations, to place the coverage, and to service the policies and related documents for coverage of cyberliability exposures each year. This will include any related coverage additions and services or replacements. Related coverages and services within the general scope of this solicitation may be added by the procurement officer at any time during the Contract period.

At this time, Offerors are not authorized to approach insurers or other underwriting sources on behalf of the State. The State specifically requests that no insurance market contact, and no market reservations or commitments, be made for any purpose with respect to any insurance related to this solicitation. IF THE STATE LEARNS THAT YOU FAILED TO HONOR THIS REQUEST, YOUR OFFER MAY BE DISQUALIFIED FROM CONSIDERATION FOR AWARD. See Paragraph C, Other Items; Limitations, in Part III. Award of a contract for insurance brokerage services will not preclude the State from securing proposals from direct writing insurance companies at any time, if the State deems it is in its best interest to do so.

IF YOU QUALIFY YOUR OFFER WITH A STATEMENT LIKE: “THIS IS NOT AN OFFER”, YOU MAY BE DEEMED NON-RESPONSIVE AND ELIMINATED FROM FURTHER CONSIDERATION.

MAXIMUM CONTRACT PERIOD - ESTIMATED (JAN 2006)

Start date: 8/21/2018  End date: 8/20/2023. Dates provided are estimates only. Any resulting contract will begin on the date specified in the notice of award. See clause entitled "Term of Contract - Effective Date/Initial Contract Period". [01-1040-1]

The State anticipates award for a three (3) year initial term, with two (2) possible one (1) year options to renew, for a maximum potential contract term of five (5) years. See clauses titled “Term of Contract -- Effective Date / Initial Contract Period” and “Term of Contract -- Option to Renew.”

**GIVING FALSE, MISLEADING, OR INCOMPLETE INFORMATION ON THIS CERTIFICATION MAY RENDER YOU SUBJECT TO PROSECUTION UNDER SECTION 16-9-10 OF THE SOUTH CAROLINA CODE OF LAWS AND OTHER APPLICABLE LAWS.**

(a) By submitting an offer, the offeror certifies that-

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to-
  (i) Those prices;
  (ii) The intention to submit an offer; or
  (iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and
(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this certification; or

(a) (1) By submitting an Offer, Offeror certifies, to the best of its knowledge and belief, that-

(i) Offeror and/or any of its Principals-

(A) Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency;
(B) Have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. DISCLOSURE OF CONFLICTS OF INTEREST OR UNFAIR COMPETITIVE ADVANTAGE (FEB 2015)

You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. If you have an unfair competitive advantage or a conflict of interest, the state may withhold award. Before withholding award on these grounds, an offeror will be notified of the concerns and provided a reasonable opportunity to respond. Efforts to avoid or mitigate such concerns, including restrictions on future activities, may be considered. Without limiting the foregoing, you represent that your offer identifies any services that relate to either this solicitation or the work and that has already been performed by you, a proposed subcontractor, or an affiliated business of either. [02-2A047-2]

DEADLINE FOR SUBMISSION OF OFFER (JAN 2004)

Offerors are expected to examine the Solicitation thoroughly and should request an explanation of any ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation. Failure to do so will be at the Offeror's risk. All ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation shall be interpreted to require the better quality or greater quantity of work and/or materials, unless otherwise directed by
amendment. Offeror assumes responsibility for any patent ambiguity in the Solicitation that Offeror does not bring to the State's attention. See clause entitled "Questions from Offerors." [02-2A070-2]

ETHICS CERTIFICATE (MAY 2008)
By submitting an offer, the offeror certifies that the offeror has and will comply with, and has not, and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended (ethics act). The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the procurement officer at the same time the law requires the statement to be filed. [02-2A075-2]

Currently, the list is available at the following URL: http://procurement.sc.gov/PS/PS-iran-divestment.htm (.) Section 11-57-310 requires the government to provide a person ninety days written notice before he is included on the list. A protest shall be in writing, shall set forth the grounds of the protest and the relief requested with enough particularity to give notice of the issues to be decided, and must be received by the appropriate Chief Procurement Officer within the time provided. See clause entitled "Protest-CPO". [Section 11-35-4210] [02-2A085-1]

PROHIBITED COMMUNICATIONS AND DONATIONS (FEB 2015)
Violation of these restrictions may result in disqualification of your offer, suspension or debarment, and may constitute a violation of law.

[See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." We will not identify you in our answer to your question. (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].

(e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost
for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable
doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so
unbalanced as to be tantamount to allowing an advance payment.

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive
literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the

**SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)**

(An overview is available at [www.procurement.sc.gov](http://www.procurement.sc.gov)) For every document Offeror submits in response to or with regard
to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion
thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade
secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410.
For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately
mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as
that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or
with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or
portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color,
bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark
your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part
thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it
nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a
response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document
regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not
limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during
negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2)
agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as
defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices,
commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are
subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's
marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or
"PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (All references to S.C. Code of Laws.) [02-2A125-2]

III. SCOPE OF WORK/SPECIFICATIONS

A. PURPOSE

The State seeks insurance brokerage services for the purchase of Cyber Insurance. The insurance is needed to cover first- and third-party risks related to unlawful electronic security breaches, fraud, financial loss, reputational damage, regulatory intervention, and other causes of loss. Services expected to be provided include, but are not limited to breach event response, crisis management, and other available services. The coverage will mitigate damages if a data breach occurs. The selected Contractor must specialize and be experienced in placing cyber insurance coverage and be properly licensed and appointed in accordance with South Carolina insurance laws. See S.C. Code Ann. Section 38-45-10 et seq.

The selected Contractor will assess and advise the using agencies on its data breach or cyber liability insurance needs, including breach event response and other available services; will advise on how to structure a program; will obtain detailed proposals, including price quotes, from insurers for Cyber insurance, and present the proposals to the Using Governmental Unit (UGU) for acceptance or rejection.

The contract will be for the periods specified in the terms of the contract. The Contractor will assist each UGU in assessing and obtaining the appropriate insurance coverage for cyber liability, as specified in the terms of the contract.

Broker services shall continue for any coverage placed within the term of the Contract until the expiration of those coverages and all of the provisions of this Contract shall continue to apply with respect to the broker services relating to such coverages.

After the end of the Contract term, the Contractor shall continue to perform any services related to policies issued pursuant to the contract, including services identified in Part III.D, “Tasks and Deliverables.” Contractor shall also assist each UGU during any transition period to a new contractor and provide all necessary information and data to any subsequent contractor.

The State Public Procurement Units identified on Appendix B are required to purchase tort liability insurance, commonly known as general liability insurance, from the Insurance Reserve Fund. See S.C. Code Ann. § 1-11-140 (Supp. 2017). The Contractor must be familiar with this requirement and assure that cyber insurance procured for a UGU shall be primary for any liability or related costs and damages.

B. OBJECTIVE

The State seeks advice for protection of risk exposure of loss from unauthorized disclosure of personally identifiable information (PII) or protected health information (PHI) whether due to theft, rogue employee, transmission due to virus, ransomware, or other form of electronic attack. The State seeks coverage for third party claims that may include, but is not necessarily limited to the following, based on the advisement and recommendations of the selected Contractor:

1. Network Security Liability: Coverage for defense costs and damages suffered by third parties resulting from a failure of computer security, including liability caused by theft or disclosure of confidential information, unauthorized access, unauthorized use, denial of service attacks or transmission of a computer virus, whether or not the attack results from professional services rendered by the Insured;

2. Privacy Liability: Coverage for defense costs and damages suffered by third parties for any failure to protect personally identifiable or confidential corporate information, whether or not due to a failure of network security (i.e. loss or theft of data tapes in transit). This may also include unintentional violations of the Insured’s privacy policy, actions of rogue employees and alleged wrongful collection of confidential information;

3. Privacy Regulatory Proceeding Coverage: Coverage for defense costs resulting from a civil, administrative or regulatory proceeding that alleges the violation of a privacy law (such as HIPAA, Gramm-Leach-Bliley, or
COPPA); for fines, penalties, and sanctions to the extent insurable by law; and for compensatory damages (e.g., amounts the Insured is required to deposit in a consumer redress fund);

4. Electronic (Website) Media Liability Coverage: Coverage for defense costs and damages suffered by third parties for content-based injuries such as libel, slander, defamation, copyright or trademark infringement, title or invasion of privacy;

The State also seeks coverage for first party claims that may include, but are not necessarily limited to the following, based on the advice and recommendations of the selected Contractor:

1. Breach Event Expenses: Provides, or reimburses the Insured for costs of, services to respond to a data privacy incident. Policies are triggered either by the discovery of such an event, or a statutory obligation to notify individuals. Services or covered expenses may include
   • External computer forensics costs
   • Notification costs
   • Consumer credit monitoring or protection services; call centers
   • Crisis management firm to help manage damage to reputation
   • Law firm to assist with privacy statute compliance and draft letters.

2. Cyber Extortion or Terrorism: Provides, or reimburses the Insured for costs of, the investigation of a threat to commit a computer attack against the Insured and any extortion payments (including crypto-currencies) made to prevent or resolve the threat.

3. Business Interruption: Reimburses the Insured for actual lost income and extra expense incurred when the Insured’s computer system is interrupted or suspended due to failed network security. May include dependent business interruption, subject or not to a sub-limit; and coverage for business interruption due to the unintentional or unplanned system failure.

4. Digital Asset Protection: Provides, or reimburses the Insured for costs of, services to restore or recreate intangible, non-physical assets (software or data, including electronically stored credit card numbers and customer databases) that are corrupted, destroyed or deleted due to a network security failure caused by a computer attack.

C. OTHER ITEMS; LIMITATIONS

The State may, based on the advice and recommendations of the Contractor seek other insurance coverages within the general scope of the Contract that may interact with or affect a cyber policy, including but not limited to coverage forms, manuscripts, or endorsements; insurance for claims against the UGU based on the actions or omissions of third party vendors; directors and officers liability insurance; and technical or professional errors and omissions insurance. Coverage other than that described in Part III.B, Objective, cannot be written without the prior written approval of the procurement officer.

The Cyber insurance coverage and its purchase price (i.e., premiums) during the contract term are considered part of the contract. The State specifically requests that no insurance market contact be made on behalf of the State, and that no market reservations or commitments, be made for any purpose with respect to any insurance related to this solicitation to be provided for the State. IF THE STATE LEARNS THAT YOU FAILED TO HONOR THIS REQUEST, YOUR OFFER MAY BE DISQUALIFIED FROM CONSIDERATION FOR AWARD.

D. TASKS AND DELIVERABLES

Contractor shall provide brokerage services for various state agencies seeking the purchase of cyber insurance for the State in accordance with the following requirements and provisions:
1. Evaluate the State operations and risk exposures to advise regarding risk management, including insurance coverage.

2. Advise and assist the State in coordinating coverages, evaluating primary or excess ("other insurance") issues, and avoiding unnecessary or duplicative coverage. These services should take into account insurance required to be furnished by a separate contractor; insurance provided by another State Public Procurement Unit; or available through IRF. For informational purposes, the State currently requires certain of its vendors to provide cyber coverage. An example of typical language included in contracting documents is attached as Appendix D.

3. Assist in the preparation of underwriting data, statements of values, specifications, applications and other data required by insurers to obtain cyber insurance.

4. Seek competitive market coverage from an insurance carrier or carriers with a minimum A.M. Best rating of A from an unbiased basis and in the best interest of the State.

5. Assist the State personnel in the analysis and evaluation of cyber insurance policy forms and coverage as needed, including whether coverage should be sought on an occurrence or claims first made and reported basis. If the State purchases insurance on a “claims made” basis, advise on the availability and desirability of “nose” or “tail” coverage.

6. Prepare an annual market analysis and forecast for cyber insurance. This summary will include information on trends, market availability, pricing, and long term market direction for the coverage.

7. Verify the accuracy and adequacy of all binders, policies, policy endorsements, invoices, and other insurance related documents as needed.

8. Issue Certificates of Insurance and assist in answering coverage questions.

9. Assist the State in preparation of proof of loss or claims reports, in obtaining loss settlements from insurers, and in acting as an intermediary as requested.

10. Attend meetings, as requested.

11. Assist the State if it requests that other related coverages within the general scope of the contract be added during the term of the Contract. A separate broker services fee for quotes for new coverage will not be charged. If a renewal quote is offered and a decision is made not to renew the coverage for any reason, no insurance broker fee will be paid. This is an unusual occurrence.

12. At least quarterly, provide to the procurement officer (or such other person as she may designate) a report which identifies all agencies that have purchased cyber insurance under the contract, and which includes at least the following information for each agency: (a) the type(s) of coverage purchased; (b) the limits and sublimits of each coverage; (c) whether the coverage is written on an occurrence or claims made basis; (d) the premium for each coverage or policy; and (e) the effective dates or policy period for each policy.

13. Provide notice to the procurement officer of reported breaches or events by all policy holders.

14. Designate a principal broker for the account that has experience in the cyber insurance business. The State expects that personnel will be assigned to the account as described in the Offeror’s proposal. If one or more of the proposed personnel become unavailable for continuation of the work assignment, the Contractor shall replace said individual(s) with personnel of substantially equal ability and qualifications.
However, any changes to designated personnel will require the prior written approval of the State. At its sole discretion, the State reserves the right to refuse any personnel for use in the performance of work.

E. FIDUCIARY DUTY

At all times during the life of the Contract, Contractor shall be a fiduciary of the State. Contractor is expressly prohibited from working in a dual agency capacity (i.e., working for the State and an insurer/prospective insurer).

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor,
terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State’s right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract. [07-7B075-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) **Definitions.** The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause—

**Clearing** means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

**Intrusion** means an unauthorized act of bypassing the security mechanisms of a system.

**Media** means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

**Safeguarding** means measures or controls that are prescribed to protect information.
Voice means all oral information regardless of transmission protocol.

(b) Safeguarding Information. Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) Safeguarding requirements and procedures. Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites: Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(d) Subcontracts. Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.

(e) Other contractual requirements regarding the safeguarding of information. This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B105-1]

INFORMATION USE AND DISCLOSURE (FEB 2015)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor’s use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) Definitions. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.

(b) Legal mandates. Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.
(c) **Flow down.** Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) **Collecting Information.** Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) **Rights, Disclosure and Use.** Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) **Return.** Notwithstanding the using governmental unit’s failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit’s option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor’s further access to such government information).

(g) **Privacy Policy & Applicable Laws.** Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.

(h) **Actions Following Disclosure.** Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor’s obligations pursuant to this item (h) are without limitation.

(j) **Survival & Remedy.** All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

CONTRACTOR’S LIABILITY INSURANCE – INFORMATION SECURITY AND PRIVACY (FEB 2015)

[ASK QUESTIONS NOW: For products providing the coverages required by this clause, the insurance market is evolving. Our research indicates that the requirements stated herein reflect commercially-available insurance products. Any offeror having concerns with any specific requirements of this clause should communicate those concerns to the procurement officer well in advance of opening.]

(a) Without limiting any other obligations or liabilities of Contractor, Contractor shall procure from a company or companies lawfully authorized to do business in South Carolina and with a current A.M. Best rating of no less than A: VII, and maintain for the duration of the contract, a policy or policies of insurance against claims which may arise from or in connection with the performance of the work and the results of that work by the contractor, his agents, representatives, employees, subcontractors or any other entity for which the contractor is legally responsible.

(b) Coverage must include claims for:

(i) information security risks, including without limitation, failure to prevent unauthorized access to, tampering with or unauthorized use of a computer system; introduction of malicious codes, computer viruses, worms, logic bombs, etc., into data or systems; or theft, damage, unauthorized disclosure, destruction, or corruption of information in whatever form;

(ii) privacy risks, including (A) failure to properly handle, manage, store, destroy, or otherwise control non-public personally identifiable information in any format; (B) loss or disclosure of confidential information; and (C) any form of invasion, infringement or interference with rights of privacy, including breach of security/privacy laws or regulations;

(iii) contractual liability for the contractor’s obligations described in the clauses titled “Indemnification - Third Party Claims – Disclosure Of Information” and “Information Use And Disclosure;” and

(iv) errors, omissions, or negligent acts in the performance, by the contractor or by any entity for which the contractor is legally responsible, of professional services included in the work.

(c) If the work includes content for internet web sites or any publications or media advertisements, coverage must also include claims for actual or alleged infringement of intellectual property rights, invasion of privacy, as well as advertising, media and content offenses.

(d) If the work includes software, coverage must also include claims for intellectual property infringement arising out of software and/or content (with the exception of patent infringement and misappropriation of trade secrets)

(e) Coverage shall have limits no less than five million ($5,000,000.00) dollars per occurrence and ten million ($10,000,000.00) dollars aggregate.

(f) If the insurance required by this clause is procured on a form affording “claims-made” coverage, then (i) all limits stated above as “per occurrence” shall be understood to mean “per claim” or “per occurrence,” as is consistent with the terms of the “claims-made” policy; and (ii) such claims-made insurance shall provide for a retroactive date no later than the date the contract is awarded.

(g) All terms of this clause shall survive termination of the contract and shall continue until thirty (30) days past the final completion of the work, including the performance of any warranty work. In addition, contractor shall maintain in force and effect any “claims-made” coverage for a minimum of two (2) years after final completion of all work or services to be provided hereunder. Contractor shall purchase an extended reporting period, or “tail coverage,” if necessary to comply with the latter requirement.
(h) Every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them, must be covered as additional insureds on the policy or policies of insurance required by this clause.

(i) For any claims related to this contract, the insurance coverage required by this clause shall be primary insurance as respects the State, every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them. Any insurance or self-insurance maintained by the State, every applicable Using Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor’s insurance and shall not contribute with it.

(j) Prior to commencement of the work, the Contractor shall furnish the State with original certificates of insurance for every applicable policy effecting the coverage required by this clause. All certificates are to be received and approved by the Procurement Officer before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor’s obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including policy declarations and any endorsements required by this section, at any time.

(k) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this clause are or will be changed, cancelled, or replaced.

(l) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance as is required by this clause. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(m) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
